Date Submitted: 2017-05-26 15:58

Title: Department of Mathematics and Statistics Teaching Series

Event Type: Lecture-Seminar-Series

Location:

University of Calgary

Dates:

Lecture: April 5, 2017

Travel dates for speaker: April 4-6, 2017

Topic:

Teaching Series Invited Guest. Title for talk:

"Using language as a tool for empowering teaching assistants and engaging students with mathematics"

Methodology:

Dr. Junkins presented her methodology and survey results for a new graduate TA programme implemented by her at several departments at Western.

This was the final session in our Department Teaching Series, and was by far the most well attended of the Winter term. 30 individuals attended, and it was a well-rounded mixture of faculty, graduate students and undergraduate students. Discussion was lively following the talk.

Dr. Junkins also had several research meetings with a local faculty member, Dr. Kristine Bauer.

Organizers:

Hamilton, Ryan, Math and Stats, U. of Calgary

Speakers:

Dr. Caroline Junkins, Department of Mathematics, University of Western Ontario
