Title: SSC 2017 Annual Meeting
Event Type: Conference-Workshop

Location:

University of Manitoba, Winnipeg, Manitoba, Canada

Dates:

Sunday, June 11, 2017 to Wednesday, June 14, 2017

Topic:

Annual Meeting of the Statistical Society of Canada, statistical conference with four workshops sponsored by the Biostatistics, Survey Methods, Statistical Education and Business and Industrial Statistics sections of the SSC.

Methodology:

Four workshops, 49 invited sessions (5 of which were plenary, and 28 organized by SSC sections or committees), and 24 contributed sessions were held. Poster presentations and a Case Studies competition (with 15 competing teams) also took place. One speaker gave his presentation via videoconference.

Scientific Highlights:

Several notable speakers gave plenary presentations including Drs. Don Dillman (Washington State U.) who gave the President's Invited Address, Bryan Shepherd (Vanderbilt University) who presented the best paper from the Canadian Journal of Statistics, and Lei Sun (University of Toronto) who was the recipient of the CRM-SSC Prize.

Organizers:

Leblanc, Alexandre, Department of Statistics, University of Manitoba; Moodie, Erica, Department of Epidemiology, Biostatistics & Occupational Health, McGill University
