

GAP 2014: ***Geometry and Physics***

*Pacific Institute for Mathematical Sciences
Vancouver, British Columbia, Canada
May 29 – 31, 2014*

GEOMETRY AND SUPERSYMMETRY

Four mini-courses on different aspects of geometry and supersymmetry, given by the following speakers:

Chris Brav (*Institute for Advanced Study*)

Ron Donagi (*University of Pennsylvania*)

José Figueroa-O'Farrill (*University of Edinburgh*)

Dan Waldram (*Imperial College London*)

Also, an introductory lecture and a public lecture, given by:

James Gates (*University of Maryland*)

<http://www.math.uwaterloo.ca/~gap>

*Some financial support may be available for graduate students / postdocs.
Please contact the organizers at gap@math.uwaterloo.ca for details.*

Organizing committee:

*Charles Doran (Alberta)
Marco Gualtieri (Toronto)
Spiro Karigiannis (Waterloo)
Ruxandra Moraru (Waterloo)
Tristan Hübsch (Howard)
McKenzie Wang (McMaster)*

Financial support from:
