**The 25<sup>th</sup> Annual**  
**Pacific Northwest Numerical Analysis Seminar**  
**October 27, 2012**

**Boise State University - Boise, Idaho**

Please see complete program (including abstracts, maps and directions) [here](#).

The [Department of Mathematics](#) at Boise State University is very pleased to be hosting the 25<sup>th</sup> Pacific Northwest Numerical Analysis Seminar (PNWNAS). The goal of the meeting is to bring together interdisciplinary researchers from universities, government research labs, and industry from the [Pacific Northwest](#) to share expertise in both pure and applied aspects of numerical analysis and computational mathematics.

PNWNAS has been hosted annually [since 1987](#) and this is the first time PNWNAS will be hosted in Idaho. We are also pleased to be able to include **NSF** and the Pacific Institute for Mathematical Sciences (**PIMS**) among our list of sponsors, as well as the Boise State Department of Mathematics.

We look forward to seeing you in Boise to help us celebrate 25 years of PNWNAS!

The organizers:

Donna Calhoun  
Jodi Mead

Grady Wright

PS : Be sure to join the PNWNAS Google Group at

<http://groups.google.com/group/PNWNAS>

to be kept up-to-date on this year's seminar, as well as future PNWNAS events.
