

Western Canada Math Biology Spring Workshop 2022

Fri, May 13		
	16:00 – 16:30	gather, students put up posters
	16:30 – 17:15	Thomas Hillen: Modern ways to disseminate science
	17:15 – 18:45	supper
	18:45 - 19:15	first third of poster session
	19:15 - 19:45	second third of poster session
	19:45 - 20:15	last third of poster session
	20:15 - 21:00	judges (all participating faculty): discuss prizes students: free time
	21:00 - ...	informal social
Sat, May 14		
	07:00 – 09:00	breakfast & early morning running :) posters set up in plenary room
	09:00 – 10:30	Jimmy Garnier (Distinguished Visitor): Eco-evolutionary dynamics, part 1
	10:30 – 11:00	coffee break, more time to look at posters
	11:00 – 12:00	Raibatak Das (Industry speaker): Mathematical modelling in the biotech/pharma industry
	12:00 – 13:00	lunch
	13:00 - 13:15	group photo
	13:15 - 14:00	Dan Coombs: Several important opinions about pandemic modelling
	14:00 - 18:00	hike!
	18:00 - 19:30	supper
	19:30 - 21:00	Jay Newby and Eric Foxall: The job talk: crafting and delivering a research seminar for a job interview
	21:00 - ...	informal social
Sun, May 15		
	07:00 – 09:00	breakfast & early morning running :)
	09:00 – 10:00	Jimmy Garnier (Distinguished Visitor): Eco-evolutionary dynamics, part 2
	10:00 – 10:30	Rebecca Tyson: Ecological modelling and management
	10:30 – 11:00	coffee break, more time to look at posters
	11:00 – 11:15	poster prizes, feedback forms, goodbye
	11:15 – 11:30	poster take-down, check out
