Monday Aug 1st**: ESB 1012

**Aug 1 is a statutory holiday in BC, please review the program website for a list of open eateries on and near campus

8:30am - 9:00am	Arrival and Package Pick up
9:00am - 9:15am	Opening Remarks and Welcome from PIMS
9:15am- 10:15am	**Markus Linckelmann, City University, London**
	On the Hochschild cohomology of block algebras of finite groups.
10:15am - 10:45 am	Coffee break (ESB Lobby)
10:45am - 11:45am	**Beren Sanders, University of Copenhagen**
	Adams isomorphism as a generalized Wirthmüller isomorphism
11:45am -- 2:00pm	Lunch (See list of eateries after the program schedule)
2:00pm - 3:00pm	**Justin Lynd, University of Montana**
	Automorphisms of linking systems
3:00pm - 3:30pm	Coffee break (ESB Lobby)
3:30pm - 4:30pm	**Frauke Bleher, University of Iowa**
	Deformation rings of endo-trivial modules of 2-groups

Tuesday Aug 2: ESB 1012

9:15am - 10:15am	**Paul Balmer, University of California, Los Angeles**
	Transposing etale topology to modular representation theory
10:15am - 10:45 am	Coffee break (ESB Lobby)
10:45am - 11:45am	**Akhil Mathew, Harvard**
	Nilpotence and descent in equivariant cohomology theories
11:45am - 2:00pm	Lunch (See list of eateries after the program schedule)
2:00pm - 3:00pm	**Peter Webb, University of Minnesota**
	Canonical Mackey functors
3:00pm - 3:30pm	Coffee break (ESB Lobby)
3:30pm - 4:30pm	**Ran Levi, University of Aberdeen**
	The Loop space of a p-local group
6:00pm	**Group Dinner**: Sage Bistro (On Main Mall near "Flag Pole" Plaza)
	6331 Crescent Rd, Please ensure you have RSVP-ed for this event by Monday August 1 at 12 :00pm

Wednesday Aug 3: ESB 1012

9:00am - 10:00am	**Robert Guralnick, University of Southern California, Los Angeles**
	Globally Irreducible Weyl Modules

10:00am - 10:30 am	Coffee break (ESB Lobby)
10:30am - 11:30am	**Greg Stevenson, University of Bielefeld:**
	Relative stable categories of finite groups
11:30am - 12:30pm	**Sarah Witherspoon, Texas A & M:**
	Support Varieties for Hopf Algebras
12:30pm	Free Afternoon

Thursday Aug 4: ESB 1013 and ESB 1012

Morning Session   ESB 1013

9:15am - 10:15am	**Luchezar Avramov, University of Nebraska- Lincoln**
	Cohomology over short Gorenstein rings and representations of Kronecker quivers
10:15am -10:45am	Coffee break (ESB Lobby)
10:45am -11:45 am	**Birge Huisgen-Zimmermann, University of Carlifornia, Santa Barbara**
	Generic representation theory of quivers with relations
11:45am - 2:00pm	Lunch (See list of eateries after the program schedule)

Afternoon Session   ESB 1012

2:00pm - 3:00pm	**Paul Sobaje, University of Georgia**
	Tilting modules for algebraic groups and their decompositions over Frobenius kernels
3:00pm - 3:30pm	Coffee break (ESB Lobby)
3:30pm - 4:30pm	**Mark Walker, University of Nebraska-Lincoln**
	Adams operations for matrix factorizations

Friday Aug 5

9:15am - 10:15am	**Henning Krause, University of Bielefeld:**
	Local duality for representations of finite group schemes
10:15am -10:45am	Coffee break (ESB Lobby)
10:45am -11:45 am	**Daniel Nakano, University of Georgia, Athens:**
	On the existence of mock injective modules for algebraic groups
11:45am - 2:00pm	Lunch (See list of eateries after the program schedule)
2:00pm - 3:00pm	**Burt Totaro, University of Carlifornia, Los Angeles**
	Tightening the bounds: detection theorems for the cohomology and Chow ring of a finite group
3:00pm - 3:30pm	Coffee break (ESB Lobby)
3:30pm - 4:30pm	**Alejandro Adem,UBC**
	Homotopy Group Actions and Group Cohomology
