Changing the Culture May 17, 2024
SFU Harbour Centre, Vancouver, BC
Abbotsford Virtual School Teacher
myPITA Executive Member (BCTF PSA)
Member of MOE AI & Digital Learning Development Team
“Education, by its nature, is relational, especially when emphasizing the irreplaceable and integral role of human connections in the learning process. While AI can provide valuable support, ongoing human interaction remains fundamental for fostering meaningful relationships among educators and students, as well as within the school community. Therefore, AI tools should be viewed as complements to human processes.”

What do you need to do?

Learn, learn learn yourself. But you don’t need to learn it all, but have a learner mindset and growth mindset as we move forward. November 2022 wasn’t that long ago but at the pace of AI development, that was a long time ago.

- Listen to Podcast
  - The Generative Age, The Digital Learning Podcast, my podcast FreshAirAtFive
- Read books
  - A.I. for Educators - Matt Miller
  - A.I. Infused Classroom - Holly Clark
  - The Generative Age by Alana Winnick
- Engage in discussions with colleagues and students, like here today.
  - Eg. Common Sense Education - AI Literacy
- Don’t be afraid of Skynet, learn about skynet
- Think critically more than ever
- Have a growth mindset
