The Garden of the Fearsome Snakes By Andrea Gilbert

You wish to travel through the Garden of the Fearsome Snakes, going from **Start** to **Goal**. The snakes won't bite you as long as you step over them in the proper order. Begin by stepping over the red snake at the bottom, then step over a green snake, then a yellow snake, then red, then green, then yellow, and so on. Don't step over the black circles or outside the black lines.
